

2010-2011 Pre Enrollment Information

Esthetics

Graduation, Licensure and Placement Rates

Below are the statistics about the students who released information from their cosmetology state board exam to The Salon Professional Academy. By law, the students have a choice about the releasing this information to their school. Therefore, the information provided does not reflect the total picture of this program. **This information is based on audit requirements of the reporting time frame of 9-1-2010 to 8-31-2011.**

Graduation Rate: 100% or 12 out of 12 students in the esthetics program scheduled to graduate between 9-1-10 to 8-31-11 graduated.

Licensure Rate: Of the 12 graduated 9 reported back with exam results. 100% or 9 of the 9 reported graduates passed the exam. 1 reported licensing in another state, 2 are scheduled to take their exam.

Placement Rate: 89% or 8 of the 9 students who passed the boards also reported finding jobs in the cosmetology industry. 2 of the 2 scheduled to test have reported finding jobs.

Compensation Expected:

Esthetics graduates earn from \$20,000 to \$30,000 in salary and gratuities in an entry level position depending on the work schedule and the area population. A commission scale is commonly used to pay estheticians resulting in much higher pay after an introductory period of several months. Retail commissions are also common. Many salons now offer benefits resulting in higher earnings.

Physical Demands of Esthetics:

There are few physical demands in the area of Esthetics. Because this job requires that you stand, it is suggested that you wear proper fitting, supportive shoes.

Safety Requirements of Esthetics:

Safety suggestions for this profession include wearing shoes that would not be slippery when walking on a damp floor. Because you will always be working with water, there is a risk of water spills. All water spilled should also be wiped up as quickly as possible. It is the responsibility of each esthetician to promote a safe working environment.

Gloves should be worn during chemical services to reduce any allergic reaction that an individual may have to certain chemicals.

Any product that would accidentally get into the eyes should be flushed thoroughly with water. Seek medical attention if irritation continues.

Licensing Requirements for Esthetics in Missouri:

Esthetics graduates completing 750 hours and all course work may take the state board exam to receive an Esthetic license in Missouri. The exam covers Esthetics theory and Missouri law and rules related to Esthetics.

I have read and understand the information provided above prior to signing my enrollment agreement.
